

Participation Data

Policy

USDA Federal Regulations:

(3) An estimate of Statewide participation for the coming fiscal year by category of women, infants, and children.

USDA Federal Regulations:

Participants means pregnant women, breastfeeding women, postpartum women, infants and children who are receiving supplemental foods or food instruments or cash-value vouchers under the Program, and the breastfed infants of participant breastfeeding women.

Participation means the sum of:

- (1) The number of persons who received supplemental foods or food instruments during the reporting period
- (2) The number of infants who did not receive supplemental foods or food instruments but whose breastfeeding mother received supplemental foods or food instruments during the report period; and
- (3) The number of breastfeeding women who did not receive supplemental foods or food instruments but whose infant received supplemental foods or food instruments during the report period.

Procedures

State Caseload Projection

The Iowa WIC Program plans to serve Priorities I through VI in FFY 2022. The Iowa WIC Program's estimated monthly statewide caseload for FFY 2022 is as follows:

- Women: 12,478
- Infant: 13,208
- Children: 32,651

Local Agency Caseload Data

Twenty local agencies provided WIC services across the state. The Iowa WIC Program served Priorities I through VI throughout the year. The table below lists cumulative caseload data for the first nine months of FFY 2021.

Local Agency	Cumulative Caseload
Broadlawns Medical Center	108,601
New Opportunities	9,070
Hawkeye Area Community Action Program	44,063
Hillcrest Family Services	24,194
Community Health Care	28,611
MATURA Action Corporation	15,339
Mid-Iowa Community Action	36,064
Mid-Sioux Opportunity	14,821
North Iowa Community Action	25,651
Dubuque VNA	9,765
Operation Threshold	45,047
Community Action of Southeast Iowa	25,275
American Home Finding	23,400
Upper Des Moines Opportunity	16,826
West Central Development Action	13,838
Siouxland District Health Department	27,627
Webster County Public Health	15,593
Johnson County Health Department	19,984
Pottawattamie County WIC Program	17,987
Marion County Public Health	12,077
State Total	533,833

Food Funds Projection

Planning assumes little, if any, growth beyond inflationary adjustment. The following factors are considered in projecting availability of food funds.

Factor	Anticipated Funding
Federal food funds	24,438,345
Cost containment efforts (infant formula)	15,902,871
Total available food funds	40,341,216

Note: In FFY2022, Iowa will be in the fifth year of a possible five-year contract period with Abbott Laboratories/Nutrition Division as the sole-provider of infant milk and soy based formula.

NSA funding projection

Iowa anticipates receiving base funding of \$16,529,176 of Nutrition Services and Administration (NSA) funds. Anticipated needs for Operational Adjustment (OA) funding for caseload management equal \$1,158,755. Total NSA and OA funds projected at \$17,687,931.
